# #540 Coconut Vegetable Soap

---

## Product Data Sheet

---

### Description:

A concentrated cleaner made from a blend of natural soaps. #540 Coconut Vegetable Soap has a mild toasted coconut aroma and is manufactured with biodegradable surfactants. #540 Coconut Vegetable Soap can be used as manufactured or diluted for greater economy.

### Uses:

#540 Coconut Vegetable Soap is a versatile liquid soap that can be used as a hand soap, lubricant, and rubber lubricant. This product is also suitable for cleaning dirty surfaces. #540 Coconut Vegetable Soap can be diluted if necessary depending on the degree of cleaning power needed. For very light duty applications, dilutions of up to 50:1 have been found suitable.

### Features:

- Strong lubricating and cleaning ability
- Mild with no free caustic present
- Biodegradable surfactants
- Contains no petroleum
- Contains no phosphates

### Product Data:
