Extra Slippery Tire & Tube
Mounting Compound**

Product Data Sheet

Description:

Murphy's Concentrated Extra Slippery Tire & Tube Mounting Compound is a stable blend of natural polymers, surfactants, corrosion inhibitors, stabilizers and water.

Murphy's Concentrated Extra Slippery Tire & Tube Mounting Compound can be used in any application where rubber needs to be lubricated relative to its dry state. It provides low friction to prevent twisting and cracking. Murphy's Concentrated Extra Slippery Tire & Tube Mounting Compound will not cause softening or swelling of most rubber materials. Dries to a low slip residue that helps prevent slippage under high loads and high torque.
